

DATA CENTER PUTS ITS REPUTATION ON THE (LIFE) LINE WITH PP-R

AQUATHERM ADVANTAGES

- Reliable heat fusion connections provided ownership and clients with peace of mind
- Lightweight PP-R was easier to work with compared to metal pipe
- Natural R-value reduced insulation requirements

PROJECT	PRODUCTS USED	LOCATION/DATE
Lifeline Data Centers	Climatherm®	Indianapolis, IN 2009-2013 (Multi-phase)

THE CHALLENGE

Water-cooling sensitive data center equipment without risking catastrophic failure

THE SOLUTION

Aquatherm's heat-fused connections provided a leak- and worry-free system

"We only use Aquatherm around the computers because it's just more durable and the welding process per piece and per coupling creates a continuous system that's leak-free and much more solid. The system has had zero leaks and has been 100% trouble-free."

- Alex Carroll, Co-owner, Lifeline Data Centers, Indianapolis, IN
